SANTIAGO IS DOOMED

Shafter's Army is Marching on Its Defenses.

CUBANS DOING HEROIC FIGHTING ON THE ADVANCE.

Washington, June 24—Special—Information has been received here that the Spaniards have been driven back from the woods about Baiquiri and the last of the American artillery is now ashore. The march has begun on Santiago. Twenty-five dead and wounded Spaniards have been found in the positions carried by Shafter's army since landing. Not an American soldier has been killed. The Cubans are driving the Spanish army into Santiago after fierce fighting in which the Cubans distinguished themselves for bravery. There has been almost continuous fighting in the vicinity of the doomed city. At no time during the night was there a cessation of fighting. The probability of Santiago's surrender before the Americans begin assault is being discussed.

Dons Will Not Fight.

Washington, June 24—Special—The first encounters of Shafter's forces with the Spaniards prove the cowardice of the race. They have refused to fight in the open, but skulk in mountain passes or in ambush. They fly to cover at the first intimation of danger. Their mode of warfare is similar to that of the North American Indian, though lacking in the dash frequently displayed by those savages. It is feared that Shafter's troops will not have an opportunity of showing their mettle until the dons are driven to bay. They will then be compelled to fight or surrender, but is believed they will choose the latter.

Will be Taken by Assault.

Washington, June 24—Special—The proposal to establish a siege of Santiago finds little favor here or with Gen. Shafter or Admiral Sampson. It is held that the loss of life during a protracted siege would be far greater than that involved in case the city was taken by assault, and the results would be less satisfactory because too long delayed. It is taken for granted, therefore, that the assault will be made, and it is probable that the fighting will begin within a few hours. Shafter's army has already started in the direction of Santiago.

Hobson Is Safe.

Washington, June 24—Special—The navy department this morning received the following from Admiral Sampson: "Under a flag of truce I learn that Hobson and his men are all well and are now confined in Santiago twenty-four miles from Morro." This leaves Sampson free to bombard the Morro batteries without fear of injuring Hobson and his companions. Naval officers believe the bombardment will occur today.

People Are Indignant.

London, June 24—Special—A Madrid telegram says official dispatches from Cuba have created a bad impression. People are asking how the Americans succeeded in landing and seizing a position in view of the special preparations to repel their advance. Cervera is criticized for not showing sufficient enterprise and energy.

Foreigners at Manila.

Washington, June 24—Special—It is stated here that an understanding has been reached by which, if the necessity arises, foreign residents of Manila will be protected by marines from the ships of foreign powers with permission of the United States. As soon as the necessity for their presence passes they will be withdrawn.

The Transports Needed.

Washington, June 24—Special—Orders have been cabled Shafter to send back the transports as soon as possible. They are needed for the immediate transportation of eighteen thousand troops to Santiago and Porto Rico.

Alarm In Madrid.

Madrid, June 24—Special—The most profound alarm was caused by the news from Santiago. It is reported that a cabinet crisis has been reached.

MAJ. GEN. JOSEPH WHEELER, U. S. V. CAVALRY. Major General Wheeler was born in Augusta, Ga., in 1836. He graduated at West Point, entered the Confederate service and became a dashing general of cavalry. He afterward settled in Alabama and was elected to congress.

CORNER STONE LAID MANGLED BY A BOMB

Interesting Exercises at the New State Reformatory At Green Bay.

Green Bay, Wis., June 23—The corner stone of the new State reformatory, which is to be built here at a cost of \$800,000 when completed, was laid yesterday afternoon. The event has been a gala day for Green Bay. The city was handsomely decorated. All the stores and other business places were closed this afternoon, and the city has been filled with visitors. This afternoon at one o'clock the train bearing Gov. Scofield and wife, his staff and members of the state board of control arrived. Shortly after two o'clock the procession headed by the band, left the Beaumont house for the reformatory grounds. The party went out in carriages, and arrived at the grounds at 2:30 o'clock. Trains were run on the St. Paul road to the ground, free of charge to accommodate the crowds. The street cars were also taxed to their utmost. When the exercises began fully 5,000 people were in front and around the speaker's stand.

After a selection by the band brief addresses were made by Mayor F. B. Desnoyers, Supt. James E. Heg, of the new reformatory, E. A. Elmore, Richard Guenther and T. J. McGrath. After a selection by the band Gov. Scofield delivered a short address, at the conclusion of which a procession was formed which marched to the northwest corner of the wing where the ceremonies attending the laying of the corner stone took place, with a few remarks Gov. Scofield laid the first trowel of mortar for the big corner stone to the new state institution. He was followed by Richard Guenther, Senator Sawyer and others. The Rev. Dr. Andregg pronounced the benediction, after which the ceremonies closed. In the evening Gov. Scofield and wife held a reception at the Beaumont house parlors, which a large number of Green Bay people attended.

WEATHER FORECAST.

Chicago, June 24—[Special]—Forecast for Wisconsin: Fair tonight, and Saturday.

RECRUITS ARE HARD TO GET.

Farmer Boys Are Too Busy to Serve Their Country. Lieut. Baldwin and Corporal Hall, who made an overland trip to Hanover and vicinity yesterday for the purpose of enlisting volunteers to fill out the ranks of Co. A, returned home late yesterday afternoon without having secured a single man. What farmer boys they visited were not as anxious to enlist as they were when the first call came in, and many of them gave the excuse that they were too busy at present.

One young man who was setting tobacco, and who wrote here to enlist some time ago, made a run for his home yesterday, when he caught sight of the recruiting officers, and at last accounts he was still running. Lieut. Baldwin now needs six more men before he leaves town.

BADLY INJURED BY THE CARS.

John Schlicker, of this city, hurt at Freeport yesterday. A telegram received in this city this morning from Freeport, Ill., stated that John Schlicker, of this city, was badly injured in that city last evening, by being caught between two freight cars in the Chicago, Milwaukee & St. Paul yards. The injured man was taken to the city hospital, and this morning was resting easy. Schlicker has been a brakeman on the road about six months, and is the son of Mr. and Mrs. John Schlicker, 286 Milton avenue. Otto Schlicker, a brother of the injured man, left this city this morning for Freeport, for the purpose of bringing his brother to this city in case he is able to be moved.

COMING MATRIMONIAL EVENT

Miss Alice Brittan to Wed a Chicago Newspaper Man. Miss Alice Brittan, daughter of Mr. and Mrs. Walter Brittan, who is well known in Janesville, will soon wed Roy Rockwell, of the Chicago Record. The wedding will occur on the evening of July 5, at St. Paul's church, to be followed by a reception at the residence of the bride's parents. Invitations have been received in this city and local friends will attend.

The following is a complete list of the fairies who will take part in the Columbia Fete to be given June 30: Zoe Haskell, Josephine Doty, Margaret Doty, Elsie Field, Ira Heslop, Lottie Hanthorn, Helen Jeffers, Maud Schell, Bernice Winbegrar, Marjorie Bates, Mildred Doty, Frances Lewis, Ethel Jenkins, Mabel Hanthorn, Bessie Williams, Helen Morrissey, Genevieve Dower, Elsie Jones, Pearl Baker, Myrtle Edwards, Myrtle Fulton, Cristie Galbraith, Julia Crump, Louise Myhr, Nellie Edgington, Veane Ransom, Jennie Gardner.

TALK to Lowell.

CUBANS THE VANGUARD

Natives Pave the Way for the American Advance.

LAST OF SHAFTER'S WAR MUNITIONS ARE LANDED.

New York, June 24—Special—It is the purpose of Gen. Shafter to make the Cubans do their full share of the fighting. In the advance upon Santiago they have been placed on the skirmish line, and it will be their duty to uncover the Spanish position. This done the Americans will attack in force, and by this means the entire Spanish army in that portion of the island will be driven into Santiago. Here the combined land and naval force will attack, and the result must inevitably be a triumph for the Americans. In the operations from first to last it is the intention to make the Cubans do their full share towards earning their freedom.

Shafter's Program.

Washington, June 24—Special—It is impossible to state when Gen. Shafter will make a forward movement upon Santiago. His course must depend largely upon circumstances. It is believed that his force is already sufficiently strong to overcome the Spaniards, but of this he must be the final judge. He may begin his forward march at once, or he may wait for reinforcements now on the way. The opinion prevails here that he will attack the Spaniards before the close of the present week, driving all the outposts into Santiago, and there wait the arrival of reinforcements before making the final attack.

Santiago Forts Are Weak.

Kingston, Jamaica, June 24—Special—Cubans arrived here unite in saying that the Americans will have less difficulty in reducing the fortifications around Santiago than they expect. The forts are old, built of masonry that is fast crumbling away and the guns are antiquated pieces of small calibre. The only guns of modern pattern are those taken from Cervera's boats in the harbor. These may be used against the American fleet when it enters the harbor unless the forts shall be attacked from the rear by the army, a probable event.

Juragua Occupied.

Off Santiago, June 24—Special—The American army yesterday made an important advance. Four thousand troops marched upon Juragua and occupied the town. A thousand Spaniards evacuated the place, making an unsuccessful attempt to fire the city. No resistance was attempted, though a detachment of Cubans had a brush with the retreating party. Several Cubans were wounded.

Will Await Attack.

Baiquiri, June 24—Special—The fall of Santiago within ten days is predicted by one of Shafter's aids. The deduction to be drawn from the fighting along the shore is that the Spaniards have determined to remain in their trenches near Santiago and await the attack of Americans. The dons so far have refused every attempt to draw them out.

Camara's Fleet Off.

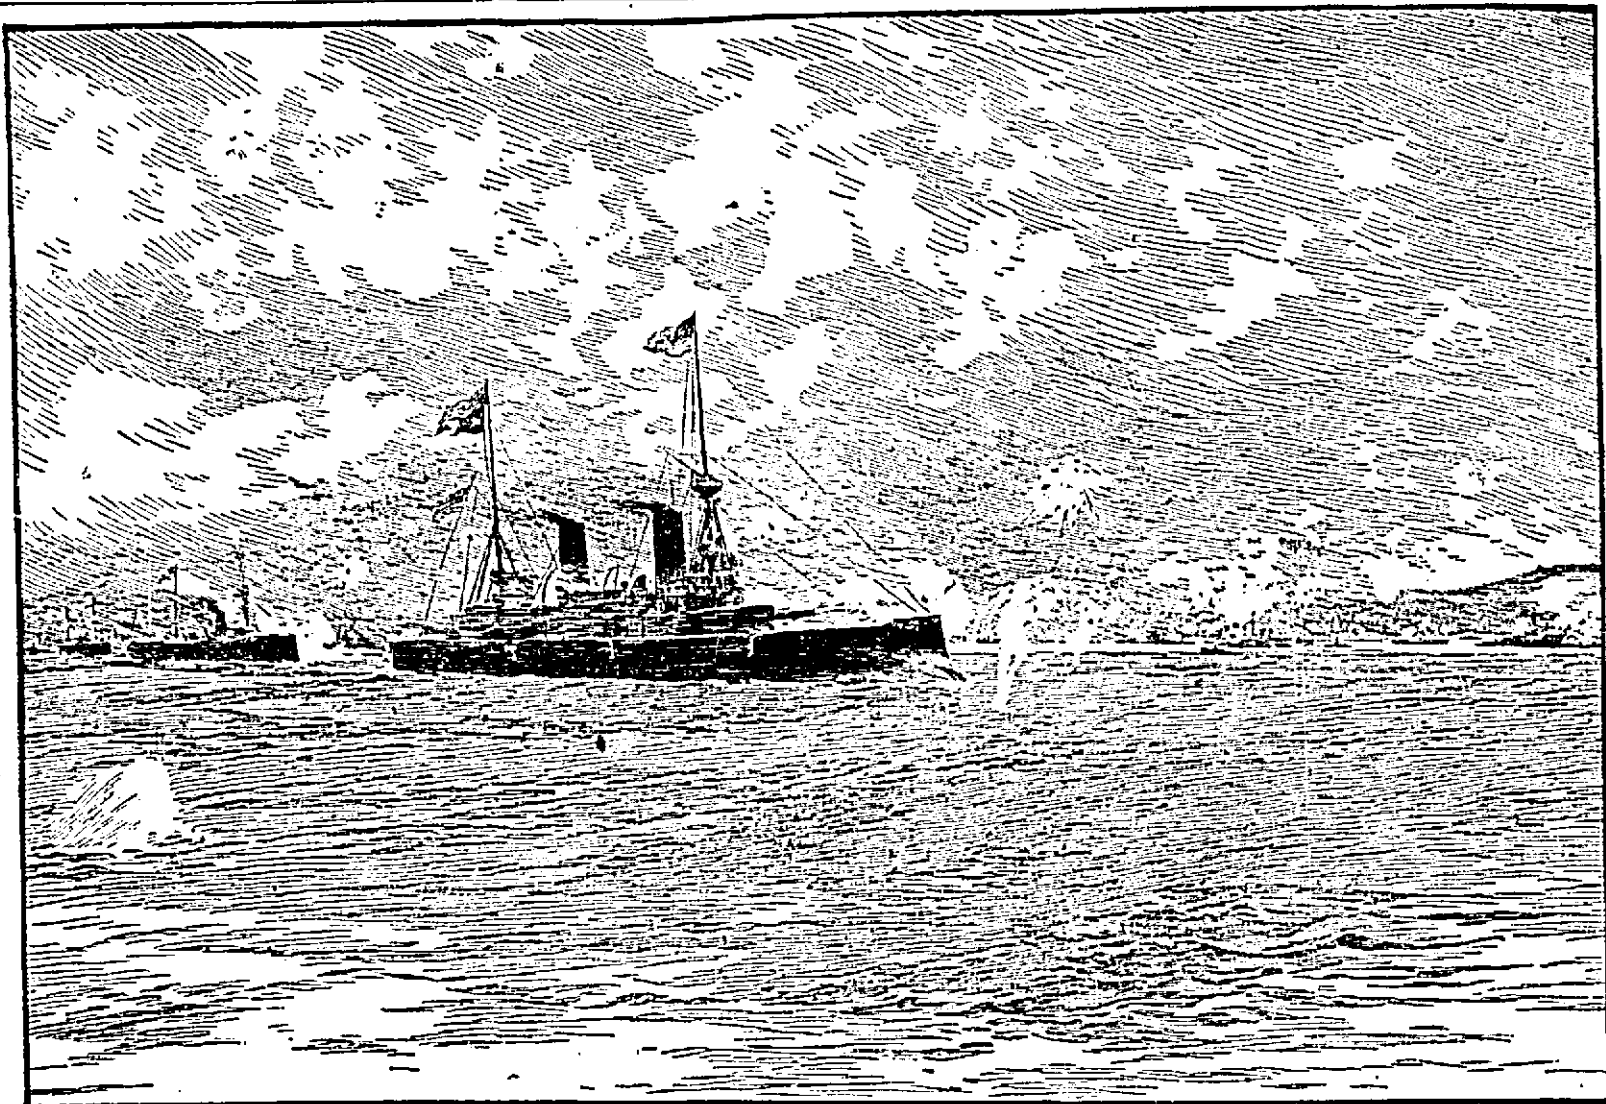

Washington, June 24—Special—The navy department has been informed that the Spanish squadron was sighted off Pantellaria Island in the Mediterranean going toward Suez. There appears to be no doubt now that Camara's fleet is on its way to the Philippines. The ships appear to be in good condition.

Going to Santiago.

Washington, June 24—Special—The Ninth Massachusetts and remaining portion of the Thirty-fourth Michigan, now at Camp Alger, will embark on the Harvard tonight and sail immediately for Santiago. The Sixth Illinois will also go soon.

An Advocate of Peace.

Madrid, June 24—Special—In the chamber of deputies yesterday Senor Robledo advocated the opening of direct negotiations with the United States for the establishment of peace.

THE BATTLE OF MANILA—ADMIRAL DEWEY'S SQUADRON SWINGING AROUND THE ELLIPSE. FROM HARPER'S WEEKLY.

FROM A SKETCH MADE ON THE DESPATCH-BOAT "McCulloch" BY JOHN T. MCCUTCHEON. Reproduced from Harper's Weekly. By Permission. Copyright, 1898, by Harper & Brothers.

A certain romantic interest attaches to Dewey's recent victory in the Pacific, due to the remoteness of the scene of battle, and to the great difficulty of communication with it. In these days of the telegraph and other numerous facilities for instantaneous transmission of news, it seemed strange to wait for a report from Manila as long as London did for tidings of Trafalgar. Such a delay

coupled with the vagueness of popular knowledge regarding the Philippines, clouded the affair for a time in a romantic mist of unreality. Now, however, we are beginning to receive the reliable accounts of eye-witnesses and are able to form a truer idea of the happenings of that historic 1st of May. The accompanying picture is a reproduction of an illustration in Harper's

Weekly, which was elaborated by W. A. Rogers from a sketch by John T. McCutcheon, who was on the revenue-cutter McCulloch during the fight. It represents the line of United States cruisers swinging into action off Cavite, headed by the intrepid commodore on its flag-ship, the Olympia, and is a vivid and accurate portrayal of a scene which will ever be remembered with patriotic pride by all Americans.

It is hard to predict the ultimate result of all of Dewey's guns in driving another wedge into the complicated and portentous question of foreign domination in the East, but the immediate effect of his victory we can all see in the world's recognition of the efficacy and strength of our new navy, and of the dashing courage and trained skill of its men.

INCOMINGS AND OUTGOINGS OF ROCK COUNTY PEOPLE.

Gossip of a Personal and Business Character Gleaned By Gazette Reporters in the Garden Spot of Wisconsin—Religious and Social Notes.

Fulton, June 21.—Charles Bennett and M. Everett, of Chicago, are spending a few days with John Hayes and his mother, Mrs. Brown. They rode from Williams Bay on their wheels. Elsie Green has rented the Fulton House as a private dwelling and hopes to move his family in a few days. We welcome our friends who find occasion to return to us during their summer vacation. Most of them have arrived. Mr. and Mrs. L. H. Page are both much improved during the past few days. Our community is seldom offered the opportunity of a musical treat, such as we have reason to believe, will be given in the church on Tuesday evening, June 28, by the Mandolin club, of Edgerton, and Miss Elizabeth B. Van Akin, of Epworth seminary. It is also hoped that a good elocutionist, whom we have not been privileged to hear, will intersperse the musical numbers. The Mandolin club are enjoying a splendid reputation having received worthy commendations from entertainments given in surrounding towns. Besides their club numbers they will furnish a song by a male quartet. The privilege of hearing one number from Miss Van Akin is alone well worth the price of admission. The Endeavor society is to be commended in being able to secure the services of a soloist, who is as pleasing and popular as Miss Van Akin. Her vacation terms only make it possible for them to secure her. She was for some time musical director of Rockford seminary, and has for the past few years held the same position in Epworth seminary. She has won, by her earnest expression and splendid execution of tone, the applause and esteem of large audiences in cities and towns through the upper Mississippi valley. She is appreciated most where she has sung most. Rockford, Beloit and Janesville audiences as well as others always welcome her return.

CITY MUST PAY DAMAGES.

Supreme Court Gives Mrs. Selleck Judgment for Personal Injuries.

The supreme court yesterday handed down a decision in favor of the plaintiff in the case of Mary Selleck vs. the city of Janesville. The suit was brought in the circuit court of Rock county, for damages sustained by the plaintiff by falling upon a defective sidewalk in this city, on the 18th day of October, 1893. Mrs. Mary E. Selleck fell on the sidewalk on South River street, in front of the property of the Tallman estate. Mrs. Selleck alleged that she was permanently injured, and commenced an action in the circuit court for Rock county against Wm. H. and E. D. Tallman, owners of the property in question, and the city of Janesville. The defendants Tallman entered a demurrer that they were not primarily liable and appealed the case to the supreme court. The supreme court sustained the demurrer, which left the city the sole defendant in the action. The case was tried in the Rock county circuit court on May 17, 1897. The jury found for the plaintiff, assessing her damages in the sum of \$5,000. An appeal was taken to the supreme court, and yesterday judgment was rendered as stated.

Alfred Selleck, husband of the plaintiff, also has a case for loss of services pending in the circuit court. Another personal injury suit, that of Victoria Hyer vs. the city of Janesville, was yesterday appealed to the supreme court. The plaintiff alleges that she sustained permanent injuries by falling upon an icy walk on South Franklin street. In the circuit court for Dane county a jury rendered a verdict January 20, 1898, for \$1,500 in favor of the plaintiff. The case will not be reached by the supreme court before next fall.

CONCORDIA CONCERT AND BALL

It Was Well Attended and Much Enjoyed Last Evening.

There was a fair attendance last evening at the concert and ball given by the Concordia Singing society. The program was faultlessly rendered throughout, and elicited loud applause. Both the vocal and instrumental numbers were rendered in a highly artistic manner, and if presented at Davenport in the same style cannot fail to win or the society the reward its members so earnestly covet.

At the conclusion of the concert a dance was given. The evening was intolerably warm, but notwithstanding this a considerable number indulged in dancing up to a late hour. The occasion was pronounced a success in every respect.

THEIR TIME OCCUPIED.

Living on Short Rations: While the City is Overflowing with Food—The Paymaster Is Anxiously Looked For—Personal Mention of General Interest.

Camp Cuba Libre, Jacksonville, Fla., June 20.—Sunday was a quiet day in camp. Regimental services were held in the shade of trees, in the morning here. The church services are voluntary and the men go or stay home, just as they wish, but most of the boys went to our regimental or down town churches. In the evening the first regiment, that is, fifty men from each company, were marched down town to fill the local Presbyterian church, on invitation from its pastor. Addresses by different clergymen and a musical program kept us out until 10:30 which with our usual bed time at 9:15 p. m., seemed very late to us all.

Lieut. Bloedel and private Clark returned Saturday afternoon with a very fine string of fish. It was photographed by Private Lusk and will be exhibited with his collection of "Army views."

The "bald-headed row," not satisfied with short hair cuts, have made their appearance with the crown of their heads shaved. This tent crowd is made up of Privates Pierson, Disson, Wilson, Coryell brothers, and Hammond, with Corporal Collins in charge. Friends of these young men can try to imagine how they look just now. Our hopes are raised again by the order being issued that gets the paymaster here tomorrow. Probably but eighteen days of pay will be given us. A box of wedding cake came, and was thoroughly enjoyed by the bankrupt young men who telegraphed their congratulations collect, to a recent Janesville bride and groom.

This brigade was to have been reviewed by Gen. Hancock, Saturday evening, but rain spoiled the plan. Good showers have laid the dust and made this life much pleasanter.

Camp flags are at half mast in honor of the name of Gen. Lee's secretary, who was killed yesterday. Capt. Hanson acted as major on march down town last evening.

Lots of fun is in sight for the boys as measures are being taken for blouses and pants and the army regulations do not call for a tailor made fit. We are given the nearest in size to what we measure.

Recruits are arriving at quarters of different companies and as far as we have been seen are a creditable appearing set of men. We expect our delegation every day.

Tuesday, June 21.—Considerable dissatisfaction has been found lately, on account of meals or rather issues of rations. For four days now we have had no rations, and have lived on onions, peas, bread and coffee and what rained meat we had. The trouble culminated in almost a riot. One company marched to their captain in a body and reported the condition of affairs. All of the officers in the regiment complained to the colonel, who last evening reported that some

one would probably lose their head. This condition of affairs is most unpleasant, particularly as large stores of goods are here in Jacksonville.

Our men are out now on a long, hard drill after a supper last night of onions, beans and coffee with bread and a breakfast of beans, and coffee. Sugar gave out some time ago.

The entire Beloit company is off duty and that makes our detail larger for men must fill their places.

Paymaster Soyron reports that we will be paid today.

Privates King and Halverson assisted the regimental clerk in making out the pay rolls.

Private Irish is colonel's orderly today. Other members of the guard are Privates Buchholz, Hammond, Hand and Jellyman.

Brigade review, postponed three times, on account of rain was held yesterday afternoon and before it was half over the rain came. A very hard shower too and our men came home through it thoroughly soaked. The rest of the evening was spent in their tents.

FEWER BANK CHECKS AFTER JULY FIRST

LOCAL BUSINESS FIRMS WILL
BE SPARING.

Janesville People Will Be Obligated To Pay Two Cents For Each Bank Check—Few of the Large Manufacturing Firms Afflicted—War Tax Responsible.

Employers who pay their help with bank checks are concerned over the war revenue tax. It provides that every "order for the payment of money drawn on any bank," must bear two cents in stamps, properly canceled and dated.

The Janesville Machine Company with its many employees will not be affected, nor will the Janesville Cotton company or the Rock River Woolen Mills, for each of these firms pay their employees in cash. The same may be said of other large manufacturing firms here, who have for several years past insisted upon paying cash.

Railroads Will Fuel It. The O. & N. W. and the O. M. & St. Paul railroad companies which pay out thousands of dollars in this city each month by the check system will be concerned to the extent of several dollars. Heretofore bank check forms have been as free as the wind and everyone could scribble on them and tear them up. After July 1 checks will cost money.

What Bankers Say

Cashiers at the local banks state that when the new law goes into effect stamped checks, certificates of deposit and drafts will be handed out on application. Instead of hanging in convenient places where all patrons of the bank were free to use all the bank checks they chose, under the new law the patron must cash up two cents before he can get a blank form. If it is filled out wrong and the maker finds it necessary to destroy it he must put down another two cents before he can obtain another blank form. A draft or a certificate of deposit costs the same price as a check. Instructions from the treasury department relative to the use of the tax stamps would indicate that stamps for checks and drafts will be printed directly upon the check or instrument and it would seem to be the plan that the banks will buy the blank checks from the government and then deal them out to their patrons, making a charge, presumably, to cover the cost of the stamps.

Documentary stamps, that is, stamps that will have to be affixed to documents, will cost 1 cent, 2 cents, 3 cents, 4, 5, 10, 25 and 50 cents, \$1, \$2, \$3, \$5 and \$50.

Proprietary stamps must be affixed conspicuously on the outside of the article or package so that the opening of the package will destroy the stamp.

A Necessary Tax.

"Before the present war is ended this stamp war revenue of 2 cents will mean a vast sum to the government," said a local National bank official today, "and Janesville will no doubt do her share towards contributing for the good of the cause."

GREEN CO. BOYS GO SOUTH

Party of Volunteers Go To Jacksonville Yesterday Afternoon

When the 1:40 passenger train on the St. Paul road pulled into the city yesterday afternoon many volunteers were abroad from Monroe, Brodhead and Juba, all bound for Jacksonville, where they will join the Monroe company. Each of the young men wore a large buttonhole badge that loving friends presented them with on their departure. At both Monroe and Brodhead the citizens gave them a rousing farewell that they will not forget as long as they live in the land of the free.

They were fairly showered with flowers and many were presented with valuable and useful tokens of esteem. When the boys left Janesville they were in the best of spirits.

Old People's Day At First M. E. Church.

Under the auspices of the First M. E. Church Epworth League a service will be given in honor of the "old people" of our church and congregation next Sunday morning at 10:30. The League will decorate the church so as to remind "Ye old folks of the Days of Auld Lang Syne," and the choir and congregation will sing some of the "good old songs of other days." It will be the "old folks" day and we cordially invite all our friends to join in the worship of God, and in doing honor to the "fathers and mothers in Israel."

MEDICAL PROGRAM FOR ANNUAL MEET

FORENOON AND AFTERNOON
SESSION.

Physicians Will Be Here From All
Parts of the State—One of the
Most Interesting of Meetings Has
Been Planned—Visitors Will Be
Banqueted.

The Central Wisconsin Medical Society meets in Janesville Tuesday June 28, which fact was mentioned in The Gazette several weeks ago, has before it one of the most interesting programs that has ever been presented before the society.

The meeting this year will be called to order by the president, Dr. James Mills, of this city, at 10 o'clock in the morning. There is every indication that the Janesville meet will eclipse all previous ones, and prominent physicians from all sections of the state and northern Illinois will be in attendance.

A Banquet to Visitors.

At 1:30 o'clock a banquet will be served by Landlord J. F. Sweeney, at the Grand Hotel, and at which Dr. J. B. Whiting will preside in his usual felicitous manner. The election of officers for the ensuing year will also take place.

The circular sent out this year by the society to the doctors in regard to the Janesville meet says:

"The entertainment will begin promptly at 10 o'clock, as announced, so get up early in the morning, make your calls, and take the first train, and so avoid the rush at the door.

Of all things in the world, a hard

working doctor needs a lot up once in a while, and his patients as well.

As before remarked, "Not only for scientific inquiry and discussion, but also to promote good fellowship and a true fraternal and professional spirit, let us come together for a good time."

The Program.

Following is the official program:

FORENOON SESSION.

"The Air We Breathe," Dr. F. T. Nye, Beloit.

DEWEY WAS NOT MOLESTED.

His Authority in Manila Bay Not Questioned.

GERMANY REMAINS NEUTRAL.

Ambassador at Washington Assures Secretary Day That His Country Has No Intention of Interfering in the War.

London, June 24.—An agent of the Philippine insurgents claims to have information from Manila that Gen. Aguinaldo has made an agreement with Admiral Dewey not to attack the walled part of Manila until the American troops arrive, when the insurgents and Americans will co-operate. The Manila railroad company, having offices in this city, has received a cable message saying that though the Philippine insurgents have captured all except the inner city of Manila, they are respecting property and are refraining from looting.

Madrid, June 24.—The government confirms the statement that the family of Capt.-Gen. Augusti are prisoners in the hands of the Philippine insurgents, but discredits the report of the surrender of the Spanish column under Gen. Monet.

London, June 24.—Nothing has been received in London or elsewhere to confirm the statement published Wednesday to the effect that sailors and marines had been landed from the European warships at Manila.

The Paris correspondent of the Standard says that it has been expected that the crews of the foreign warships would be invited to assist the Americans in checking the rebels after the capitulation of the city.

Anything like the landing of foreign forces under the circumstances detailed Wednesday would be resented as an unjustifiable interference with the rights of the United States.

Berlin, June 24.—A dispatch to the Frankfurter Zeitung from Shanghai says that the relations between the Americans and the rebels at Manila are strained. The Americans regret that the Washington government is arming the rebels, which was contrary to Admiral Dewey's advice.

Washington, June 24.—The state department discredits the report from London that Germany has landed a naval force at Manila. The secretary of state said that there was not the slightest ground for the suspicion that Germany and not would not observe strict neutrality, and he regretted the appearance of these reports in the American press. The president and Secretary Day have the best of reasons for their disbelief in these reports that come from London. In fact, the German ambassador made an official call at the state department yesterday and renewed the assurance that his country was neutral.

GOING TO CAMP TANNER.

Two Illinois Regiments Are to Be Mobilized There.

Springfield, Ill., June 24.—Next Tuesday, for the second time since the war with Spain began, Camp Tanner will be occupied by Illinois troops, anxious to be mustered into the service of the United States government and get to scenes of activity and fighting.

This time Illinois is to furnish two regiments, and instead of each being rendezvoused at separate places, they will be mobilized at Camp Tanner here. This was decided by Governor Tanner, after a conference with Col. James R. Campbell, who has raised a fine regiment in the Twentieth congressional district, and whose regiment will be known as the Ninth Illinois volunteers.

Governor Tanner says he has not been informed as to the condition of the colored regiment, which will be commanded by Col. Marshall, now in command of the Ninth battalion of Chicago. If the colored regiment is in readiness it will also be called here on Tuesday. If not, the colored troops will probably be ordered into camp as soon as the formation of the regiment is completed, which will not be more than a day or two at most.

For Indiana's New Regiment.

Indianapolis, June 24.—Lieut. John Waterman, of the regular army, has received his instructions regarding the mustering in of the new regiment of Indiana volunteers, and the work will begin as soon as the equipment for the regiment arrives. The twelve companies of which it will be composed will be furnished by the cities of Mount Vernon, Jeffersonville, Madison, Columbus, Lawrenceburg, Richmond, Newcastle, Shelbyville, Rushville, Hammond, Michigan City and Monticello. Companies are now in existence in each of these cities, and they will be ordered to mobilize here in a few days. W. T. Durbin, of Anderson, will command the regiment and Victor M. Backus, of this city, will be lieutenant colonel.

Cadiz Is in Fear of Attack.

Cadiz, June 24.—In consequence of the apprehensions that the Americans intend to bombard Cadiz and other Spanish ports, which were aroused by the report of a merchant vessel arriving here that she had been chased by an American warship in the English channel, an anti-British demonstration was held here yesterday.

Spanish Forces Concentrated.

London, June 24.—The Madrid correspondent of the Times says: "The government has received an additional dispatch from Cuba, not yet published, to the effect that Spanish reinforcements are being concentrated on Santiago."

OSHKOSH STRIKERS RIOT.

Employers' Agents Felled with Eggs and Other missiles.

Oshkosh, Wis., June 24.—The wood-workers' strike here has resulted in a reign of terror. Rioting was going on all day Thursday.

The trouble is said to have been started by a watchman at the Morgan plant pointing a revolver at some of the women doing picket duty. The strikers set upon the watchman and would have killed him but for police interference. John Pabbe, another workman, was pounded and cut until his condition is critical. C. H. Paxton, manager of the McMillan Lumber company, was egged and narrowly escaped a dose of vitriol.

Shortly before 6 o'clock in the evening the mob, 1,000 strong, started for McMillan's mill. Warning had been sent ahead, and the gates to the yard were closed. Five hydrants were opened and the hose turned on the crowd, but it broke in the gates and took possession. Police and deputies were of no avail. All of the non-unionists received severe beatings. Ed Casey, a big Irish engineer, was struck in the face with a stone. He retaliated by hitting the thrower, James Morris, over the head with a wrench, inflicting fatal injuries. To save Casey from the vengeance of the mob was all the police and deputies could do.

Milwaukee, Wis., June 24.—For the first time since the riots of 1886 Milwaukee was startled Thursday by the riot call. Gov. Scofield ordered out all of the militia to go to Oshkosh and restore order. The light horse squadron and the first light battery, which are all that is left of the militia of the state, left for the city in the evening.

WOMEN BUSY AT DENVER.

National Federation Convention Holds Crowded Double Session.

Denver, Col., June 24.—The "double bill" feature of the convention of the Federation of Women's clubs was inaugurated Thursday with prospects of numerous cases of nervous prostration among the enthusiasts who have planned to take in all meetings.

The morning session, devoted to "The Press," and presided over by Mrs. Hearotin, was an interesting innovation from the federation standpoint. Miss Minnie J. Reynolds was local assistant chairman. The program was as follows: "Western Journalism," Mrs. Anna Kalfus Spero, of California; Miss Helen Winslow, of Massachusetts; and Mrs. Frances M. Fort, of Nebraska; "The Club and the Press," Miss Bertha Damaris Knobe, of Illinois; "Women's Clubs from a Reporter's Standpoint," Mrs. Josephine Woodward, of Ohio, and Mrs. Horace M. Towner, of Iowa; "Women on the Provincial Press," Mrs. J. Lindsay Johnson, of Georgia, and Mrs. Ellen S. Cromwell, of Washington.

The evening program, designated as "Unrest Leaves," was distinctively a literary feast, with Mrs. C. P. Barnes, of Kentucky, as chairman, and Mrs. Charles Dennison, as local assistant chairman. The chief performers were Miss Agnes Repplier, of Pennsylvania, and Mrs. Ruth McEnery Stuart, of New York, whose readings of unpublished works were interspersed with musical numbers.

Serious Fire in Louisville.

Louisville, Ky., June 24.—At 9:30 Thursday night the entire strength of the Louisville fire department was summoned to combat a fire in the wholesale tobacco district, which for a time threatened to do enormous damage. In twenty minutes the walls of Smead & Co.'s iron foundry were tottering and in an hour property to the value of \$250,000 had gone up in smoke. Smead & Co. occupied the buildings extending from Main to Market streets, between Eighth and Ninth streets. Their loss is estimated at between \$250,000 and \$300,000. At 10 o'clock the Phoenix hotel, a block east in Market street, caught fire from the sparks and was badly damaged.

Proceedings in the House.

Washington, June 24.—In the house Thursday Mr. Cannon presented the partial conference report upon the sundry civil appropriation bill, and it was agreed to. As to the items still in disagreement, the house ordered a further conference, insisting upon its refusal to accept the senate amendments. Under a call for the regular order, the seventy private pension and relief bills favorably acted upon at the last Friday night session were passed. At 4:30 the house adjourned until Monday.

Pingree Urging the Tax Bill.

Lansing, Mich., June 24.—Gov. Pingree is out with an address to the public urging that special attention be given to the nomination of legislative candidates who will support the Atkinson equal taxation bill, which was defeated at the last session by a very narrow margin. He advises that partisanship be abandoned, and only such candidates supported as will vote for this measure.

Editors Are Adjudged Guilty.

Springfield, Ill., June 24.—John Edwards and Samuel R. Maulden, editors and publishers of the Lincoln Daily Courier, who have been on trial in the Federal court before a jury for two days, were found guilty. The men are charged with sending obscene matter through the mails. They published verbatim a part of the evidence in the Holmeck murder trial, and the charge is based on that.

Going to the Front.

Washington, June 24.—Reports are current at the war department again that Gen. Miles, commanding the army, will leave the city within the next two days. It was asserted also that he had asked to get into the actual fighting by going to Cuba and there assuming command of the troops.

from the town board of the town of Bradford, which was referred to committee No. 12 on Roads and Bridges.

To the County Board of Supervisors of the County of Rock.

The petition of the town board of the town of Bradford in said county respectfully represents:

That said town of Bradford at its annual town meeting held on the 5th day of April, 1898, voted to construct a bridge within said town, across Turtle creek, at the point where the highway, on the south half of the southeast quarter of section 24 in said town, crosses said creek.

That said town has provided for the payment of one-half of the cost of the construction of said bridge.

That such bridge will cost about \$2,000, and that according to the best qualified valuation of all the taxable property in said town, which was \$68,400, the cost of said bridge will exceed one-fourth of one per centum of all such taxable property.

Wherefore, the said Town Board of Supervisors prays that the said county board appropriate the other half of such cost, and cause such sum to be levied upon the taxable property of said county, as will with the amount provided by said town be sufficient to defray the expense of erecting such bridge.

And the said town board further prays that said county board designate two of its members to cooperate with the supervisors of said town as provided in section 1319 of the Revised Statutes.

Dated, Bradford, May 17, 1898.

W. H. RANSOM,
T. H. DUBOIS,
C. H. JOHNSON,
Supervisors Town of Bradford.

Attest:
J. J. JOYCE, Town Clerk.

A CHALLENGE \$2.50 SALE!

Saturday, June 25th==One Day Only!

Choice Of Any Shoe In Stock, \$2.50

We have been carrying on a one priced Shoe sale all this month that is a trade hustler, (\$2.98 for choice), but we mean to even outdo this offer for one day, just to stir up the stagnant blood of business a trifle more---to warm up the vitals of trade and to strengthen our already enviable reputation as the greatest bargain Shoe house of Southern Wisconsin.

THE OFFER IS PLAIN

\$2.50 For Your Unlimited Choice In This Store For Saturday, June 25th.

It's a Challenge Sale, and we challenge competition to meet the price. Don't get any wrong impression as to the meaning and extent of this sale. We don't crowd a lot of Shoes in our show window that would be dear at even the price offered, and hang up a sign "Choice of Shoes in the window, \$2.50." Neither do we reserve any of our best makes from this sweeping offer. You can come into our store Saturday and select any Shoe. It won't be necessary to ask the price---just lay down \$2.50 and carry away the footwear. Included in the lot are the finest Patent Leathers, Vici Kids, Tans, Willow Calf, Etc., Etc. Shoes were bought to sell at \$3.00, \$3.50, \$4.00, \$4.50 and \$5.00, and worth it. Every pair is in this \$2.50 offer for Saturday. Don't expect the price any other day. The sale is special for one day, and one day only.

Many People are Taking Advantage of Our Great Mid-Summer Clearing Sale.

We still have all sizes from A to E of Marz-luff's Shoes. We have sold a great many for \$2.75 but we still have too many. All the latest lasts are included in the lot. The Tan Shoes with silk vesting tops that have gone in our \$2.75 sale cannot be equaled at the price.

Don't forget we do not include our entire line at the price,

\$2.75.

Don't get the wrong impression.

But We Do Sell Shoes for \$2.00 that are equal to competitors' Shoes at a higher price. Our Shoes are right and are all up to date, including the best makes in the country. We must clean up our summer stock before our fall Shoes arrive, and therefore give you some wonderfully low prices.

Our Bargain Table of \$1.89 Shoes is being freshened continually with new goods from broken lots. It contains the greatest bargains ever offered to the public in the Shoe line.
